

BRIEF DESCRIPTION OF THE DRAWINGS

In the course of the detailed description of certain preferred embodiments to follow, reference will be made to the attached drawings, in which,

Fig. 1 is a graph of the percent ethanol intake suppression versus 5-HIAL accumulation as a percent of control.

Fig. 2 is a graph of the percent ethanol intake suppression versus DOPAL accumulation as a percent of control.

Fig. 3 is a graph of the percent ethanol intake suppression versus antidipsotropic index which is the ratio of 5-HIAL accumulation for a daidzin analog and 5-HIAL accumulation for daidzin. --

Applicants are also submitting herewith three (3) sheets of formal drawings. Applicants request that the formal drawings be entered and substituted for the informal drawings filed with this application.

In the claims:

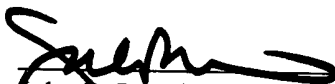

Please delete claims 7-12 without prejudice to the filing of any appropriate continuation application.

REMARKS

Applicants respectfully request entry and consideration of the above amendments which are intended to place this case in condition for allowance.

Respectfully submitted,

Dated: July 14, 2000
